Freedom of Information & Protection of Privacy (FIPPA)

Schools and school districts are authorized to collect, use, and share student personal information that is directly related to and necessary for their educational functions. For other school or education related purposes, parental or student consent is required.

In accordance with the BC Freedom of Information and Protection of Privacy Act, the Board of Education of School District 72 (Campbell River) is seeking your consent to collect, keep, use and share photographs, videos, images and/or names of students in a variety of publications and on the school or school district's website(s) for education related purposes, such as recognizing and encouraging student achievement, building the school community, and informing others about school and district programs and activities.

For example, student names, and/or images may be used or shared in:

- School and district communications, such as newsletters, news releases, brochures and reports in limited or public circulation;
- School and district websites, social media sites (e.g. Facebook), and online video (e.g. YouTube) with limited or public access;
- Videos, CDs, DVDs designed for educational use only.

Personal Information Protection Act (PIPA)

Additionally, outside media (including radio, television, newspapers, and other print and online media) are sometimes permitted or invited to come to the school or to school activities and allowed to take photos or video, or conduct interviews with students for the purposes of promoting public understanding of school programs, building public support for public education, and encouraging student achievement.

Parents and guardians should be aware that when outside media are permitted access to schools for general journalistic purposes, the consent requirements of the Freedom of Information and Protection of Privacy Act do not apply because the school district is not collecting, using or disclosing personal information. Media organizations are subject to the Personal Information Protection Act (PIPA) however, under PIPA, the media organization does not require consent if its purposes are purely journalistic.

If you DO NOT want your child to be involved in such activities, in addition to completing this form, you need to:

- Tell your child to avoid these situations.
- Tell your child's teacher of your wishes.

When possible, the school or school district will provide advance notice of when outside media presence is scheduled at the school.

Note: School and school district staff cannot control news media access, photos/videos taken by the media or others in public locations (such as field trips, or off school grounds) or school events open to the public, such as sports events, student performances, school board meetings, etc.

Having read this notice, please complete and sign the form on the back of this page and return it to your child's school. Consents are effective immediately and last until September 30 of the next school year.
