TSN Hone your Craft

The Media Arts classes will use various projects to teach the foundations of film making, which will be used in film festivals and other venues in the community. Although emphasis is placed on a hands-on learning environment, theory will be presented in the process and will be expected to be applied in completed projects. There will be a focus on the process of producing a video as well as the final product.

Strands to Study

Extreme Filming; Music Video; Short Film; Editing for Effects

Media Arts
11/12

Media Arts 10

Choose your interest

Class Rules:

- Be on Time
- Attend every day
- Be prepared
- Be polite & Supportive
- Be ready to think Outside the box
- Be open to new ideas
- Be willing to take risks

Policies

- ✓ Projects will be completed within the given time period
- ✓ Videos produced are the property of Timberline Media department and will not include any "Red Flags"
- ✓ Students will respect fellow film makers by being supportive and offering constructive feedback NOT criticism
- ✓ Students will support ALL learners by being respectful of learning environments
- ✓ Students can sign out equipment by signing and abiding by the sign out contract and returning equipment in a timely manner

E-DEVICES

Electronics are part of our lives. However, the Media room is a cell phone free zone. Please leave devices in pockets or back packs to minimize the possibility of them being confiscated for the class.

Homework

Projects are expected to be completed during class time. However if additional filming is required, equipment can be signed out on a daily basis.

attendance
MATTERS
